Dear Mr. Safford:

Re Cortina Bob/Detty Amusement:

As per our conversation with Lowell Parish regarding Detty's Cortina Bob, we cannot supply you with a Manual for this ride. It is an old ride and we no longer have this manual.

Re brakes for this ride:

As explained to Mr. Parish, this ride needs to have brakes. However, it was not ascertained whether this ride has a 4.4 KW or 5.5 KW brake motor system. Due to liability of insurance, it is important that the brakes be installed and the Mack Company be apprised of the situation since Heinrich Mack insurance liability does not cover other manufacturer's products in the event of purchasing from other sources.

Hope the above information will help you,

Very truly yours,

*Louise Schmidt*
